WE ARE
TIGERMAR.

PLACING YOUR BUSINESS FIRST

Tigermar is a risk advisory, insurance and reinsurance broker, specialising in placement services, claims/advocacy, consultancy advice and risk engineering.

passion, drive and creativity

building lasting relationships

Tigermar is a middle-man, an agent, a service provider and we appreciate and value our position in the business chain. Operating in a largely 'people business', our people are our prize asset. Tigermar's strength lies in our team of passionate, creative professionals, working with our clients' needs at the forefront of their motivation.

We provide excellent service levels, based on technical knowledge, attention to detail and speed of response which sets us apart from our competitors. We prioritise our relationships, they are vitally important to us and ensure business continuity and longevity. We focus on what our clients really, really want. We listen, we care and we deliver and that is why our clients trust us.

CLIENTS COME FIRST

As an insurance intermediary, the keys to our success ultimately lay in the decision-making hands of our clients and their insurers. Tigermar has the passion, the attitude, the culture, values and beliefs to be entrusted with those proverbial keys, by clients and insurers alike and we unlock any challenges to our future success, opening many doors along the way.

Providing reassuring solutions

For all of **your business needs**, on every level, always

CUSTOM SOLUTIONS

Our traditional broking services give our clients the assurance that they are receiving the best possible standards, relevant up to date knowledge and a level of care that cannot consistently be matched by our competitors.

The value we create is driven through the determination and commitment of our team to deliver a superior, personal service that can be trusted and relied upon.

WEB SOLUTIONS

We utilise web-based solutions to improve the efficiency and productivity of our clients' insurance requirements. This includes document management for RFPs, policy registers, automated certificate production and claims management.

E-BUSINESS SOLUTIONS

We are developing an online portal that will enable our clients to quote, bind cover and issue policy documentation; request or process endorsements; provide input throughout the renewal process; access and view all policy-related details and documents; run risk management reports and report first notices of loss. This is a flexible, multi-functional tool that can save a great deal of time and money.

Talk with us about our services, find out how we can improve your current systems and procedures or how our online portal could work for you.
